

## **P7. Film Discussion Series**

### How do you use? / Comments / Suggestions

- Wonderful idea / offering to community at-large re: applied psychoanalysis
  - A small but lively discussion
  - I love the application of theory to popular culture
  - Nothing else like this among the Alliance and COR - A great window on popular media and psychotherapy - Keep and possibly expand it!
  - Great choices – psychoanalytic discussions – Hope to attend more regularly as my kids get older
  - Depends on my schedule & willingness – its an attractive offering
  - Attend rarely - but have enjoyed the offerings
  - I value this but have not attended
  - Think I'll access these more when I get out of school
  - I have been to one film – enjoyed it a lot
  - Pure pleasure
- 
- Location at COR is problematic, as little parking is available on Friday evening
  - Over that for some reason – enjoyed when I was younger
  - Too many film offerings in the community

### I love the idea but Friday evenings are usually busy for me

- I find it difficult to attend this series on Friday evenings after a long week
- I am resistant to driving into Seattle in Friday night traffic
- Sounds great but hard to add more evenings
- It's the evening thing again
- Have not attended because I'm too tired on Friday night but liked when I did go
- Would go but we watch our grandchild on Friday evenings
- Great idea but unlikely to make it into a tight schedule
- Love the idea but has never fit into my schedule
- Never get there but think it's a great program to have
- Interest – no time

### Additional feedback from open-ended questions

- Q4. Personally not interested in the film series but I'm sure many people are
